AWS Certified Developer - Associate

PROFESSIONAL SUMMARY

Senior Software Engineer (Front-End & Full Stack) with 10+ years of experience in the development, architecture, and evolution of large-scale web and mobile applications, with strong expertise in React, Next.js, TypeScript, Node.js, and software architecture.

Experienced in architecture, System Design, Design Patterns, code reviews, mentoring, and establishing engineering standards, working across the full lifecycle from technical conception and implementation to performance optimization, observability, and platform evolution.

Hands-on experience in AI Engineering and LLM-powered applications, including RAG, AI Agents, Tool Calling, MCP, Embeddings, Context Engineering, LLM Evals, and AI Workflows, as well as AI-assisted software development and Spec-Driven Development (SDD).

Strong problem-solving skills with the ability to translate complex business requirements into scalable, high-performance, product-oriented technical solutions while balancing quality, delivery speed, and business impact.

TECHNICAL SKILLS

Front-End & Web: React, Next.js (SSR, SSG, ISR, Server Components, Server Actions), TypeScript, JavaScript (ES2024+), Web Performance, Core Web Vitals, HTML5, CSS3, Technical SEO, Web APIs, Vue.js, Angular.

Architecture & Software Engineering: System Design, Distributed Systems, Clean Architecture, SOLID, Design Patterns, DDD, Microservices, Event-Driven Architecture, Serverless, Modular Architecture, Micro-frontends, Monorepos.

AI Engineering: LLMs, RAG, Embeddings, AI Agents, Browser Automation, Tool Calling, MCP, AI SDK, Context Engineering, LLM Evals, Vector Databases, AI Workflows, Spec-Driven Development (SDD), AI Observability, Guardrails, Cursor, Claude Code, GitHub Copilot.

UI, Design Systems & Accessibility: Design Systems, Tailwind CSS, shadcn/ui, Material UI, Styled Components, WCAG, Figma.

Back-End & APIs: Node.js, REST APIs, GraphQL, tRPC, API Design, OpenAPI, Authentication & Authorization, API Versioning, Webhooks, WebSockets, Caching, Rate Limiting, Background Jobs, Message Queues, Prisma, Drizzle ORM.

Cloud, DevOps & Observability: AWS, Docker, Kubernetes, CI/CD, GitHub Actions, Vercel, Railway, Sentry, Observability, Logging, Monitoring.

Quality & Testing: Jest, Playwright, Cypress, Testing Library, TDD, Unit Testing, Integration Testing, E2E Testing, Code Review.

State & Data Management: Redux, Zustand, React Query, Context API, BLoC.

Databases: PostgreSQL, MongoDB, MySQL, Neon, Supabase, Database Design, Data Modeling, Indexing, Query Optimization, Transactions, Migrations.

Mobile: React Native, Flutter.

Dev Tools & Versioning: Git, GitHub, GitLab, npm, pnpm, Bun, Turborepo, Vite, Storybook, ESLint, Prettier.

PROFESSIONAL EXPERIENCE

Senior Full Stack Developer

Linkz Soluções Digitais

02/2025 - Present | São Paulo, SP

- Development of applications using React and Next.js, leveraging SSR and React Server Components (RSC) to optimize performance, SEO, and user experience.
- Architecture and implementation of custom CMS solutions for content, campaigns, and performance metrics management.
- Development of APIs and services using Node.js, PostgreSQL, REST, and tRPC, supporting integrations and report generation.
- Integration of LLMs (GPT and Claude) for content generation automation, process optimization, and asynchronous workflows using Inngest.
- Contribution to the evolution of the platform architecture, prioritizing scalability, code reusability, and team productivity.

Senior Front-End Developer
BRLink / Ingram Micro
10/2019 - 10/2024 | São Paulo, SP

- Definition of Front-End architecture using React, Next.js, and Flutter, focusing on scalability, performance, and long-term maintainability.
- Leadership in the evolution of the Design System, including components, tokens, visual standards, and best practices using Material UI and Tailwind CSS.
- Code reviews, technical mentoring, and standardization of development practices across squads.
- Integration of AWS services (EC2, S3, and Lambda) through REST APIs.
- Implementation of state management strategies using Context API and BLoC (Flutter).
- Improvement of software quality through Jest, Cypress, CI/CD, and production monitoring with Sentry.

Senior Front-End Developer
Ortiz Gaming
10/2018 - 09/2019 | São Paulo, SP

- Development of interfaces using Angular, focusing on high-availability applications.
- Implementation of reactive state management using RxJS and NgRx.
- Integration of REST APIs, WebSockets, and polling strategies for real-time data updates.
- Evolution of the Front-End architecture to support complex workflows and continuous client-server communication.

Front-End Developer & UX Designer
FitBank
02/2017 - 09/2018 | São Paulo, SP

- Development of interfaces using Angular for financial operations such as payments, transfers, and account management.
- Contribution to UX Design, helping define the product experience and visual identity.
- Development of mobile features using Xamarin.
- Collaboration with product and back-end teams to define API contracts and evolve platform workflows.

Front-End Developer & Graphic Designer
RM10 Publicidade
04/2015 - 11/2016 | São Paulo, SP

- Development of responsive websites and promotional landing pages.
- Creation of digital campaigns, email marketing, and graphic materials.
- Optimization of user experience and adaptation of interfaces for different devices.

Front-End Developer
Linkz Soluções Digitais
02/2012 - 12/2014 | São Paulo, SP

- Development of websites, web applications, and e-commerce solutions.
- Development of mobile applications and e-learning platforms.
- Contribution to the creation of digital campaigns and multimedia experiences for clients.

Front-End Developer & Graphic Designer
Fiscosoft / Thomson Reuters
08/2010 - 12/2011 | São Paulo, SP

- Development and maintenance of web pages and digital content.
- Production of graphic materials, email marketing campaigns, and multimedia content.
- Creation of animations, online courses, and institutional communication materials.

Front-End Developer
Catho Online
07/2008 - 08/2010 | São Paulo, SP

- Development of online courses and educational interfaces.
- Collaboration with multidisciplinary teams in the creation of interactive content.
- Enhancement of applications focused on training in management, finance, marketing, and human resources.

EDUCATION & CERTIFICATIONS

Bachelor's Degree in Digital Design
Universidade Anhembi Morumbi
1998 - 2000 | São Paulo, SP

AWS Certified Developer – Associate
Amazon Web Services (AWS)
11/2020 - 11/2023

LANGUAGES

Portuguese: Native
English: Technical Fluency, Intermediate Conversation (B1/B2)
Spanish: Basic (A1/A2)
